

Luchini 2017-03-15 v4

http://configure.ergodox-ez.com/keyboard_layouts/qvjnmro

Describe your layout with a few tags:

examples: vim, French, co.☒

A regular key

A modifier key (Shift, for example)

A dual-function key. Sends Z when you tap it, and acts as Ctrl when you press and hold it.

LED control, for the ErgoDox EZ Shine.
